Las Vidas de Los Pescadores (Selected Participant)
Prescott College Baccalaureate, Yavapai College, *Prescott, AZ* (May 2013).

MAJOR PROJECTS

Bycatch. With collaborator, Eric Magrane, and collaborating organization, Next Generation Sonoran Desert Researchers through an art-science initiative, 6 & 6. This project addresses shrimp trawler bycatch in Sonora, México through the transdisciplinary lens of geography, ecology, poetry, and visual arts with several academic, creative, and literary publications as well as two exhibitions at the University of Arizona Museum of Art. (2015 – 2019)

Las Vidas de los Pescadores. An exploration into the lived experiences of Sonoran fishers through photography and interviews, illuminating their struggles, joys, hopes, and stories. Outputs included exhibitions in Sonora, México & at the Natural History Institute in Prescott, AZ. (Spring 2013)
